

Saturday 23rd October 2010		
12.00 - 18.00	Registration	
Sunday 24th October 2010		
10.00 - 18.00	Registration	
09.00 - 11.00	ELGI board meeting	09.00 Joint food grade WG
12.00 - 14.00	Test methods & rheology WG meeting	10.00 Joint grease cleanliness WG
14.00 - 16.00	Railway Lubricants WG meeting	11.00 Joint grease shelf life WG
18.30 - 19.30	Welcome reception	12.00 Joint bio-based greases WG
Monday 25th October 2010		
07.00 - 07.15	Fun run	
09.00 - 16.00	Partner Tour	
08.30 - 08.40	Opening speech	T. Dicken
08.40 - 09.00	ELGI business meeting + WG reports	
09.00 - 09.15	NLGI presentation	C. Coe
09.15 - 09.20	Welcome speech	O. Stakhursky
09.20 - 10.00	Key speaker	Y. Razuvayev (<i>Khortitsa Distillery</i>)
10.00 - 10.20	Grease market in Ukraine	O. Makedonsky (<i>Azmol</i>)
10.20 - 10.40	Situation and perspectives of grease production in Russian Federation	R. Platonova (<i>All-Russian Research Inst. of Oil JSC VNIIP NP JSC</i>)
10.40 - 11.00	Grease market in Belarus	I. Pleskachevskiy (<i>National Academy of Sciences</i>)
11.00 - 11.25	Investigation on the visco-elastic properties of lubricating greases in dependency of base oil polarity and thickener type	B. Koch (<i>Fuchs</i>) N. Zaki (<i>Fuchs</i>) T. Litters (<i>Fuchs</i>)
11.30 - 11.55	Determination of the low temperature performance of lubricating greases – correlation of methods	H. Adolph (<i>WIWEB</i>) T. Litters (<i>Fuchs</i>)
12.00 - 14.00	Lunch	
14.00 - 14.25	Lithium – future supply and demand	W. Boes (<i>Chemetall</i>)
14.30 - 14.55	High performance greases – definition, properties and application	W. Bartz (<i>TAE</i>)
15.00 - 15.25	Thickener concentration in grease using ATR-spectroscopy	P. Bessette (<i>Triboscience & Engineering</i>)
15.30 - 15.55	Tribolayer – lubricant additives protecting against wear	M. Kuhn (<i>Klüber Lubrication</i>)
16.00 - 16.25	Lubricating greases for military equipment	N. Grishin (<i>MOD Russian Research Inst</i>)
18.00	Coaches depart for Chumatskiy Shlyah	
19.00 - 23.00	Cocktail and social dinner	
Tuesday 26th October 2010		
09.00 - 09.25	Synthetic basestocks – synergy with greases	S. Reid-Peters (<i>ExxonMobil</i>)
09.30 - 09.55	Ecolabel basefluids in grease production	M. Butterfield (<i>Croda</i>)
10.00 - 10.25	Use of amorphous / semi crystalline butene-1 base polymers in grease application	S. Pasquali (<i>Lyondell Basell</i>)
10.30 - 10.55	Outstanding behaviour of fluorinated molecules	Giovanni Boccaletti (<i>Solvay Solexis</i>)
11.00 - 11.25	Fretting wear	F. Herrero (<i>Lubrizol</i>)
11.30 - 11.55	Specialty lubricants in CIS	V. Parashchuk (<i>Dow Corning</i>)
12.00 - 12.25	Lubricating properties of high performance greases for various applications: ratings of efficiency	Yu. L. Ishchuk, (<i>Masma, Azmol</i>) O. A. Mishchuk (<i>Masma</i>), O. O. Makedonsky (<i>Azmol</i>)
12.30 - 13.00	Microwave based grease manufacturing – now a reality	L. Honary (<i>University Northern Iowa</i>)
13.00	End of conference – snacks & beverages
